OLD BUSINESS

Preston Roth Application for Regulated Activity - 85 Pond Meadow Road - installation of a new septic system

Preston Roth was present to answer questions on his proposal to install a new septic system at 85 Pond Meadow Road. Mr. Roth was questioned about the present vegetation on the site and his proposal for planting new vegetation after the septic system is installed. Some commission members have looked at the site since the last meeting and reviewed the site map submitted by the applicant. At the July IWWC meeting Enforcement Officer C. Jefferson said this area on the property appeared to have the least impact on the wetlands. *G. Johnson moved to approve the application. The motion was seconded by C. Reimers and passed unanimously.*
